The Chamber Advantage - Business Funding tool is a searchable database that includes low- and no-interest loans, grant opportunities, tax relief programs and capital venture opportunities. Once a business provides the search parameters, Chamber Advantage produces an electronic report that is sent to the business by email. Updates to the funding opportunities identified by the search are emailed for up to one year following the search.

Searches are \$60 per search for members of the West Shore and Greater Carlisle Area Chambers of Commerce and are \$100 for non-members. Member nonprofits may receive one complimentary search per year and additional member nonprofit searches are \$30 per search.
